

Release date: 16th September 2005

Title: MGB Electrical and Ensto in UK deal!

Entso the Finnish manufacturer of high quality ABS and polycarbonate boxes, mild steel and stainless steel enclosures have appointed MGB Electrical as their main dealer in the UK for the complete product offering. Enclosure solutions and components for the OEM industry form the back bone of the MGB business and this speciality in engineering and customising provides the user with the ideal supplier.

This agreement between Ensto and MGB carries with it two key objectives, this first of which is to support the UK wholesale market by supplying the Ensto product from stock offering short delivery times and the second objective is to continue with the development of the OEM accounts and supporting these accounts with experienced engineering and customising facilities.

In order to meet objective one MGB are stocking in-depth the Ensto Cubo-S, Cubo-D and Cubo-O ranges of plastic enclosures also the Cubo-E and Cubo-F steel enclosures. For more information on the Ensto product range visit www.ensto.com.

MGB Electrical are in a class of their own when it comes to meeting objective two, with their wealth of engineering knowledge, expertise and experience in engineered enclosure solutions working along side the in house machining capabilities at their facility based in Tring Hertfordshire, MGB can meet the demands of the most difficult of applications.
